

An Initiative of Feathers CSI Foundation

Letter of Affiliation

To Whomsoever It May Concern,

This is to certify that Cyber Secured Africa (CSA) operates under the umbrella of Cyber Secured India. Cyber Secured India, founded by Mr. Nikhil Mahadeshwar, is an initiative aimed at creating awareness about cybersecurity and digital forensics among the general public. We also strive to engage and educate youth in the field of cybersecurity.

Cyber Secured Africa, led by Mr. Bonaventure Armaah, is a non-international cybersecurity organization with a global presence. CSA's primary mission is to raise awareness about cybersecurity vulnerabilities in digital devices and to train individuals worldwide to become proficient cyber experts. CSA conducts live learning sessions, offers free online internship training sessions (featuring professional courses in cybersecurity, including Digital Forensics Investigation), and is open to discussions on cybersecurity matters. Additionally, CSA provides discounts to educational institutions for cybersecurity training.

For any further inquiries or information regarding this partnership and the activities of Cyber Secured Africa under the umbrella of Cyber Secured India, please feel free to reach out to us at cybersecuredindia1@gmail.com.

Thank you for your attention.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Nikhil', is placed over the large, faint 'Cyber Secured India' watermark.

Nikhil Mahadeshwar
